## BIG WHEEL RUNS WILD IN MILL

Lives Imperiled When Pin in Twenty-Foot Disk Gives Way in South Works—Damage Totals \$100,000.

A serious accident occurred last Saturday evening in No. 1 rail mill at the south works plant of the Illinois Steel company, which caused a \$100,000 loss and caused 1,200 men to be idle until the damage is repaired.

A pin in the twenty-foot driving wheel of the big finishing engine in the rail mill broke and ran away, and the lives of several hundred workmen were imperiled before the steam was shut off. No lives were lost, but the engine was completely wrecked.

**Cause Is Unknown.** No one knows how the accident occurred. The finishing engine is comparatively new and up to the time of the accident had always worked with smoothness and precision. The rail mill crew was at work when suddenly the huge driver, racing with great rapidity was heard. The breaking of the pin caused the driving rod to tear loose from the cylinder and the wheel with the rod describing great circles, ran wild. The engineer, George Conklin, retained his presence of mind and the engine was shut off before the wheel had burst. Luckily no one was near the wheel when it broke loose.

The wrecking of the engine necessitates a shut down of the department until the 90-inch engine from plate mill No. 1 can be installed and put into service, which will be a number of days.

**Much Work Delayed.** Owing to a large number of orders on hand at the Illinois Steel works the rail mill is at great loss and many orders may be transferred to the Gary mill until the damage is repaired. This is the first accident of serious nature to occur at the Illinois Steel company in years.

**THERE'S A CHANCE THAT YOU OUGHT NOT TO POSTPONE THAT "SHOPPING" ANY LONGER. READ THE TIMES' ADS AND SEE IF THIS IS NOT SO.**

## HARBOR MAN DIES OF PNEUMONIA

Chris Brockman Passes Away After Short Illness.

(Special to THE TIMES.)  
Indiana Harbor, Jan. 3.—Chris Brockman of 3621 Elm street was buried yesterday afternoon, brief funeral services having been held at the late home at 2 p. m. Interment was in Hammond.

Mr. Brockman's death was caused by pneumonia with which disease his wife is now ill, as well as the latter's mother, Mrs. Dorema, who came from Findlay, O., to nurse her daughter and son-in-law. While Mrs. Brockman is on the road to recovery, the elder woman is seriously ill, and her advanced age will make it go hard with her.

The deceased was 35 years old and for the past six months had been employed in the hardware store of Otto Seehase. Previously he had worked as pit boss in the open hearth at the Indiana. The family is well known in Indiana Harbor, having resided here for the past eight years. Mr. Brockman was taken ill about two weeks ago, and a short while after his wife succumbed to the same ailment. It was in this crisis that Mrs. Dorema was summoned to come from Findlay, O., which she did, only to herself fall ill of the same disease. The deceased leaves besides his widow, a son, Chester, aged 10.

The funeral yesterday was in charge of the Modern Woodmen of Whiting of which lodge the deceased was a member. Teal was the undertaker in charge.

## GARY COUNCIL MAY TAKE UP ANNEXATION

Tolleston Merger Said to Be Billed for This Evening.

An important meeting of the Gary city council will be held this evening in the city hall, where it has been intimated the question of the annexation of Tolleston will come before the meeting, and if it does it will in all probability be passed. Both democrats and republicans will undoubtedly be divided on this question, however, and there is a chance that it might not go through.

It seems that the only Tollestonite who is opposed to the measure is the president of the town board, W. S. Gallagher, who now claims that because of some technicality the annexation cannot now be effected. The Gary councilmen claim, however, that there is nothing to this assertion. No reason has yet been given for Mr. Gallagher's opposition to the annexation, except that he is now holding an official position which he would lose in the event that Tolleston lost its independence.

A special meeting of the council will be held tomorrow night for the purpose of letting several street contracts, the bids of which have been opened and the kind of material desired specified. The only other business which it is expected will be transacted at the meeting tonight will be the passing to the second reading of the constitution and bylaws for the government of the Gary city council.

## DYER.

The entertainment, given by the pupils of the parochial school here Saturday evening, was largely attended. The program rendered was a fine one, and much credit is to be given the Sisters of St. Francis, under whose direction the pupils were drilled. The audience enjoyed the entire program and left with a feeling that they had spent a very pleasant evening.

A message was received Saturday evening by Mrs. Phil Kellman summoning her to the bedside of her husband, who is at present at West Baden. According to the contents of the message, Mr. Kellman was very low, and not much hope for the better are entertained. Mrs. Kellman and sons, Edward and Anthony, left immediately and this (Sunday) morning a telegram from them announced a slight improvement.

The infant child of Mr. and Mrs. Jacob Hoffman was christened at the St. Joseph's church here Sunday afternoon.

John Kellman of St. John and son, Henry, from near Cedar Lake, were Dyer visitors Saturday afternoon.

Miss Theresia Scheidt of Chicago Heights spent Saturday with relatives here in Dyer.
